

## School of Architecture, Urban Development and Planning

School of Architecture, Urban Development and Planning has constituted an Advisory Board, a high level strategy and policy advisory committee for the School of Architecture. The committee is composed of outstanding Professional and Academician representatives from the Architectural fraternity. It works to forge closer cooperation between practice and education by continually improving the professional-technical preparation for students at the School. Their tremendous experience and expertise is of great help and guidance for all of us and the students.
